MINISTRIES

Dr. Mary Frances Varallo has been a leading woman in ministry for over 30 years. She has been in over 35 nations, speaking and holding counsel with leaders of nations and heads of state. She has a strong prophetic gift and for many years has had a voice to some of the leading ministry gifts in the body of Christ in our time.

Having been introduced to Jesus as a child she sensed God's hand and calling upon her life from the tender age of six. She was baptized in the Holy Spirit in a profound way twenty-eight years later, which began a journey of faith that would lead to her divine destiny.

Dr. Varallo was ordained and licensed into the ministry in 1988. She is a gifted minister who graciously demonstrates a depth of relationship with the Father, Son and Holy Spirit that draws the lost and imparts a holy hunger for God's presence. Compassion moves her to minister to the masses and to the one. Individuals experience real life change in her meetings as she moves in the miraculous and ministers a message of hope.
